DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rodney Carroll on November 1, 2006.

The application has been amended as follows:

In claim 28, line 7, after the word "each" add - - of said unvoiced and voiced tones - -.

This amendment restores the inadvertent deletion of the phrase "of said unvoiced and voiced tones."

Drawings

2. The drawings were received on August 31, 2006. The drawing is acceptable.

Allowable Subject Matter

In view of the above Examiner's Amendment, claims 1 – 28 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art does not disclose using harmonic profiles of voiced and unvoiced tones to identify a transfer function for voicing a piano. For clarification, the term "voicing" as used in this application should not be confused with chord voicing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
